WHY SMALL GROUPS?

It is often difficult to get connected with others in church, so we offer smaller groups that

intentionally engage in relationships

and

help us live out some of the "one anothers"

we find in Scripture.

We believe that the communal nature of small groups can be beneficial for our spiritual growth as we discuss and apply God's Word to our lives. We encourage you to join one of these groups. Some are brand new groups just starting, and some are existing groups that are being rewired toward growth in community.
